PH +63 930 377 2046

Other skills :

Designing Mock up for Mobile ios frame
and android just hobbies and practices.

Basic logo design.

Work Experience :

2019-2020

Start-up Company

I started in 2019 which i was invited to do a company which also only led to start and soon it was getting hard to pay some necessities for the website we had. But fortunately we able to overcome some hurdle but i decide to exit due to some heavy workload at that time.

2020 - 2021

Freelancing

As time goes by, I tried to do freelancing for ui/ux design and also flutter. For ui/ux i do for work on mvp projects and some mock-ups, And also accepting part-time flutter development.

2021 - 2022

Bettercliniq app

This app is for medical use communication for patient/doctors and creating task for managing patients this app is on aired on IOS/appstore. Am still in this current company am been working till now.

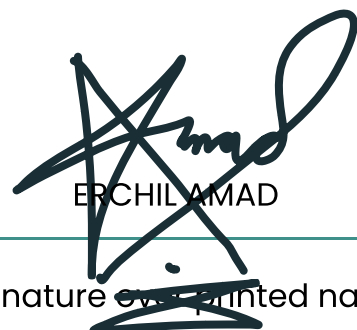

Language :

English - intermiadiate.

Bisaya - Expert. (My local language)
